GRAPE VARIETIES

100% Chenin Blanc

VINEYARD

Region: Stellenbosch

Soil: Duplex soils, sandy material on a ferricrete bank on patches of deeper clay.

Locality: South-south-west

HARVEST

Primarily from a vineyard planted in 1974, with no trellis system, hence "goblet" or bush vines. This vineyard produces very limited yields and by passing through the vineyard to make 7-8 selections of fruit across a 4/5-week window, we truly capture the essence of this fantastic site.

Yield: 3 tons per hectare

IN THE CELLAR

The wine is all fermented with native yeasts, spontaneously in large 400 litre French oak barrels and aged for 10-12 months, before careful selection of the best barrels and assemblage.
